

goRinse, Singles

goRinse, Mouthwash To Go, is designed to fit into your smallest purse or pocket and can be used anytime, anywhere – before a date, after a snack, while traveling, at work.

Single-Use, disposable packs are there with you wherever you are. GoRinse kills 99% of common germs that can cause plaque, gingivitis and bad breath without having to carry a bottle with you. Small packs are design to fit to the smallest of purses or pockets and they are ready to use at any time. It is perfect for people traveling, going to school or at work.

For your convenience, these individually packed, 10ml, mouthwash packs are easy to open, easy to pour. No need for extra cups or device, infact the box turns into a dispenser for the packs. Grab one, tear off the package, pour to your mouth, rinse it and spit it out. In just 30 seconds, you will have a better dental hygiene, employee and organization.
