Order Now!

On-line ordering directions :

Minimum Order :

Our minimum custom order is 100 Boxes (6,000 goRinse) with a six to eight week turnaround (from the approval of the artwork). At the minimum order level the total cost is \$2,389 (\$21.89/box + \$200 set-up fee), which is less than forty cents per unit before setup at \$0.36. We offer additional price breaks for larger orders. We require 50% of the payment at the time of order, with the remaining 50% due at the time of receipt.

Artwork Guidelines :

All artwork, (hi-resolution jpeg file, PSD or AI formats with resolution of 300dpi or higher), must be submitted with any fonts and pictures inside of the one inch by two inch. Avoid using dark background colors on the white surface or light background colors on the black surface as they are not particularly compatible. Although up to four different colors can be used in the coloring process, it is certainly acceptable to use fewer.

Mouthwash :

goRinse, Mouthwash To Go, is designed to fit into your smallest purse or pocket and can be used anytime, anywhere &ndash; before a date, after a snack, while traveling, at work.
